

**Let's go All In, Norfolk!** Enough with the hype. Let's get serious. There are people - in Norfolk and beyond - that are working to block the Norfolk resort and casino. Some have good intentions, and others are driven by their own financial interests. This project means too much to the City, so we can't let them take this away from us. Don't let the naysayers block our opportunity to create jobs, generate money for schools and make our city the leading tourist destination in Virginia.

The Pamunkey Resort & Casino was announced in December of 2018, and we must do all we can to support this once-in-a-lifetime development project for Norfolk.

- **Job Creation** for positions in hospitality and service, construction, engineering, health and wellness, marketing and management, which will benefit our communities by providing an opportunity for people of all education levels.
- **City Revenue** to support key priorities for the City of Norfolk, like funding for public education, public safety, housing, neighborhoods and streets.
- **Waterfront Protection** that will help mitigate flooding threats and other environmental issues, while also helping to preserve the Elizabeth Trail.

### Show You Are All In

- Tell your family, friends and neighbors about this important project.
- Make sure they do NOT sign any petitions opposing the project or City Council's vote. Signing that petition is not a delay tactic, but simply a way to block this project.
- Join the growing list of people who are part of the All In for Norfolk Casino team!
- Engage on social media by liking and following the All In for Norfolk Casino Facebook page.
